## 2024 Q1.2 North America Places Data

### Coverage & Statistics

Trimble Maps products provide the ability to search, display and route to millions of business points of interest. Called “Places,” these locations are verified by Data Axle®, a leading provider of business data. Trimble Maps also maintains a unique set of truck-specific Places including truck stops, intermodal terminals, weigh stations and rest areas. Places are located strategically for truck access and provide a safe way for drivers to access businesses most relevant to them.
